Tax Cap Represents Threat To Management

First New Year

New Year is just around the corner, and Christina Marie Arcidy, nine months old, is ready to greet her first with balloons and a party hat. Christina Marie is the daughter of Mr. and Mrs. Sam Arcidy, 14 Theodore St.

A new tax cap, as yet unspecified by the state legislature, will be a significant force in shaping town activity in 1980, Town Manager Jared S. A. Clark said this week.

Calling the cap a "major challenge," Clark pointed out several areas which might be affected by the forced budget restrictions.

New personnel, which would reduce the burdens on many town administrators including Clark, and make the municipal administration run more smoothly, may be unavailable because of forced limits on the town budget.

The manager said he is now left with "too little time to reflect on more efficient ways to administer the town" because of day to day demands on him personally to administer town business.

He said he works more as an administrator than a manager. A manager, he said, accomplishes objectives through others. As things are now, there are a good many things Clark cannot delegate to others.

"The tax cap will limit any ability I have to change that situation," Clark said.

However, that does not mean that the manager will not ask for personnel additions in next year's budget. He said more fire and police personnel are needed to adequately protect Andover from crime and fire.

The police department, Clark said, is now understaffed to adequately patrol a town of Andover's size and population. Many portions of the town go unpatrolled

Salary For New Post Increased

The salary scale for the position of information specialist for the police and fire departments was raised about \$2000 Thursday in an effort to attract a qualified applicant to the job.

The position requires a person to do data entry on the town computer, minor programming and ad-

ministration of police and fire records, and now pays from \$10,754 to \$12,574.

The job was advertised at the former scale of \$9198 to \$10,754, but no qualified persons applied. Town Manager Jared S. A. Clark said he has a qualified applicant in mind for the position.

Dargie Is Registrar

Phillip Dargie was elected unanimously to the board of registrars of voters by selectmen last Thursday.

Dargie and John R. Williams were recommended for the position and were both interviewed by the board.

Budget Goes Over Allowance

Andover police have overspent their out of state travel budget for the year, Town Manager Jared S. A. Clark told selectmen Thursday. Clark did not say by how much

the budget was overspent or why, and comment by the board on the matter was deferred until Clark can discuss it with the finance committee.

Application To HUD Approved

Selectmen voted Thursday, to send a letter of approval to the federal department of Housing and Urban Development concerning an application from the Andover Housing Authority for low-cost housing.

According to Town Manager

Jared S. A. Clark the letter says the 14 elderly and handicapped units and 11 family units are consistent with the goals of the town.

The housing units will be open only to residents of Andover, "to help out people who already live here," Clark said.

Licenses Awarded

Selectmen approved a license Thursday allowing Ground Round restaurant on South Main Street to show childrens' movies on Sundays.

Felix Santore, 7 Donna Road Woburn, was granted a common victualler's license for his canteen truck to operate in Andover.

Elderly Services Hearing

Elder Services of the Merrimack Valley will be evaluating services to community elderly. Local citizens will have an opportunity to take part in this process. A public hearing is scheduled for Tuesday, Jan. 8, 10 a.m. to 12 p.m. at Andover Haven, Essex Street.

At these hearings program objectives for Fiscal Year 1980 will be discussed. These programs involve health, home care, housing,

transportation, energy, mental health, protective and legal services. In addition, volunteer programs, community educator and senior centers will be discussed. Services to elderly have expanded to such an extent that increasingly more elderly are benefiting from them. The purpose of the hearing is to help develop a plan that will more accurately reflect the needs of area elderly.

Workshop

There are still openings in the St. Valentine's Day Workshop for ages 4-7 to be held on Saturday, Feb. 9, from 9:30-11:30 a.m. This special event will be held at the West Andover Community Center, River Road, across from the Vo-Tech High School. Activities of the day will be crafts, games and stories about the celebration of St. Valentine's Day. Registrations are be-

ing taken at the Department of Community Services office, Stowe School, 36 Bartlet St. Office hours are 8:30 a.m. to 4:30 p.m.

Townsmen's Look At 1979

Compiled By
Linda S. Corbett

January

Golden Warrior basketball team sweeps the greater Lawrence CHRISTMAS TOURNEY with wins over North Andover, Methuen and Lawrence. . . Some 500 soccer supporters turn out to protest plan to close down fields in the spring for rejuvenation; school committee gives them all but varsity football field for use, but asks for long-term maintenance study. . . TOWN COMPUTER is on line, handling payroll at the start. . . Fixed insurance costs cause expense budget hike of nearly 20 percent for the schools for 1979-80. . . School Board Chairman DAVID R. AHOUSE will not seek reelection in March. . . Dilemma over a site for a possible NEW EAST JR. HIGH begins; administration leans toward present East-Doherty location and against another school at the Shawsheen Road "campus," but some new ideas surface — town-owned land at Sanborn and South Schools, and a large parcel out on Cross Street in West Andover. . . CONTRACT DISPUTE between the school committee and Local 380 of the Teamsters (the school administrators) goes to fact-finding; disagreement centers primarily on distribution of raises. . . Supt. Kenneth R. Seifert says that youngsters who don't have proper immunization won't be allowed in school after Feb. 3. . . SGT. JAMES JOHNSON is named administrative assistant to the chief of police; John Lynch becomes acting sergeant to succeed him. . . Town Clerk Elden Salter recommends that a CENTRAL POLLING PLACE — the high school gymnasium — replace the voting spots in the town's eight precincts. . . John W. Aulson of

Topsfield is named PURCHASING AGENT. . . Street lighting program is cut back in economy move. . . ASST. TOWN MANAGER post is eliminated through reorganization; a new director of finance and budget will cover those duties; Sheldon S. Cohen has held the former job since 1973. . . George N. Jackson of Andover is fatally stabbed following a traffic argument in North Reading; two Wilmington men are held. . . THE PHILLIPPIAN, Phillips Academy's student newspaper, celebrates 100 years of continuous, uncensored publication. . . Selectmen agree playing fields should be available for spring soccer and Little League baseball despite need for maintenance and rebuilding. . . PEGGY KECK resigns after 12 years on the planning board, several of them as chairman; Mary Meyers is appointed to fill out the remaining year of her term. . . Town Manager calls South School site "the most exciting" for a new junior high. . . 200 rabbits die in barn fire on South Main. . . JOHN EATON becomes the first candidate for the three-year term on the school committee. . . New \$1 million TEMPLE EMANUEL gets under construction on Haggett's Pond Road. . . Selectman Virginia Cole charges that COMMUNITY SERVICES COMMITTEE is "adversary" of citizens groups and town boards. . . Manager tells selectmen an increase in license fees could make town clerk's office almost self-sustaining. . . He also recommends sale of CARDINAL CUSHING GYM, which town bought along with playing fields, to the Andover Companies for storage and light office use. . . JOAN PEARSON, employed by the Dept. of Recreation/Community Schools (now Dept. of Community Services) since 1973, and acting director since 1977, is named full-fledged director. . . Huge chunk of East Jr. High AUDITORIUM CEILING crashes down, minutes after registration for community schools programs ends there. . . Selectmen vow to have NO TAX INCREASE BUDGET for fiscal '80; they will propose no new services or pay increases beyond 7 percent federal guidelines. . . ATTY. IRVING L. NEWMAN dies in auto crash on Route 128. . . Voters will be given options on total school project at Spring Town Meeting. . . The SHAWSHEEN RIVER bursts out of her banks, causing \$1.5 million in damage, following two major rainstorms; town crews work 40 hours straight to prevent disaster, as floodwaters threaten to knock out Riverina Road sewerage pumping station and shut down most of town's sanitary facilities for two to eight weeks. . . Flood WORST SINCE '36; Stevens Street businesses are hardest hit, along with Ballardvale Mills area off Andover Street. . . Essex County is declared a DISASTER AREA by the

Phillips Academy Trustees vote to keep **ABBOT PROPERTY** for use by the school, for the time being; fall town meeting had refused its development as a retirement community. . .

February

Town Manager says a new **HIGH SCHOOL AUDITORIUM**, as well as renovation and additions at West Jr. High and the High school, should be delayed in view of possible tax cap legislation; committee to study possible reuse of old East Jr. High will be created. . . **BANCROFT ROOF** is raised again, when school committee learns that latest estimate for repairs is \$186,000. . . Parents may have to fund driver education in the future, as administration proposes cutting that item from budget. . . Selectmen learn that the town must initiate the proceedings if Andover is to have **CABLE TV**, but Continental Cablevision spokesman says the installation would cost the town nothing. . . Public opinion leans toward East Jr. High location for a new building; Dick Landry of the school building committee tells residents that a new junior high would be cheaper (by as much as \$1 million), smaller and more energy-saving than a renovated East. . . Two bus drivers decide it's too slippery to drive one morning, and superintendent reminds parents that they, in the end, are the ones responsible for deciding whether it's safe for their youngsters to

go to school or not. . . **SOUTH SCHOOL** parents ask for more teachers for over-crowded early grades. . . Tax Collector-Treasurer **MYRON H. MUISE** is critically injured in auto accident. . . Town Meeting will be held in the **P.A. CAGE**; East auditorium ceiling woes put that formerly used facility off limits. . . **SELECTMAN ALBERT COLE** resigns; Incumbent Susan T. Poore decides to seek re-election, as does Philip J. Salamone, who served a one-year appointed term, then

Incumbent School Committeeman Joseph Finn tosses his hat into the ring, along with Newcomer Edward Kaufman. . . It's more than the end of the decade!

It also happens to be the deadline for starting your Keogh Retirement Plan. If you're self employed you can take advantage of tax deferred savings that will help you retire with comfort and peace of mind. The popular Keogh Retirement Plan lets you contribute 15% of earned income up to the maximum of \$7,500 in each taxable year. Contributions are also deductible for federal tax purposes. An Andover Savings Bank Keogh Plan is a very smart consideration when it comes to planning for your personal retirement. For more information on starting your own Keogh Plan call us at 475-6103 and ask for our Keogh specialist. Better still, come see us in person. But, you must do it before December 31st.

P.S.

If you're not self employed and are working for a company that does not offer a qualified pension plan or if you are not eligible for your company's pension plan, ask about a tax deferred IRA (Individual Retirement Account). Contributions to your IRA can be made as late as April 15, 1980.

For Those Of Us Who Are Older

By Janet D. Lake

The January Birthday Party at The Haven, which is normally held the first Wednesday of the month, has been rescheduled to Jan. 9. If you haven't reported your January Birthday, you have a few more days to do so. If you let the Haven staff know, you'll be their honored guest.

You may get your application for the "over 60" discount from Bay State Gas at The Haven. Just ask for it and they'll assist you in filling it out. You may also get assistance in applying for energy assistance grants now available to our elder citizens, also at The Haven!

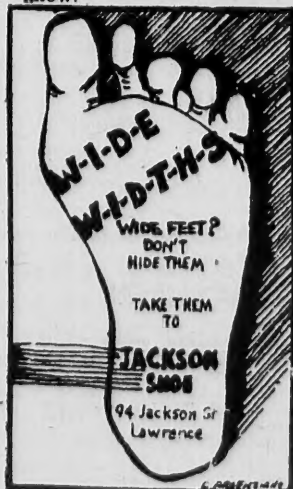

The next session of the mini-clinic is scheduled for The Haven. Since the first Tuesday is New Year's Day, it will be held Wednesday, Jan. 2 from 2 to 4 p.m. The normal Wednesday Blood Pressure check will be held that Wednesday afternoon, but from 1 to 2 p.m. The blood pressure check does not require an appointment, but you must call the Board of Health for a clinic appointment.

The Haven will be closed Tuesday, Jan. 1, for the New Year's Day holiday.

The Haven has received exemption from President Carter's 65° requirement for public buildings and will be keeping its thermostat somewhat higher. If your house or apartment is cold, you are invited to come down to The Haven to get and keep warm.

Don't forget the pot lunch to be held at The Haven Friday, Dec. 28, at 12:30. And you could plan to stay for the Bingo session starting at 2 o'clock.

It is still not too late to fill out the activities questionnaire enclosed in the last Senior Center Newsletter. The staff would really appreciate your input. If there are classes you'd like or lectures you'd enjoy or trips you want to take, this is the time to let the staff know. They want to do what you want them to do, but they can't if you don't let them know.

Tax To Be Reduced

The federal excise tax on telephone service will drop from its present three percent rate to two percent on Jan. 1.

This is the eighth year in the gradual phase — out of the tax, which was introduced in 1973. Each year the tax is reduced by one percentage point and in 1981 it will cease to apply.

Congress first imposed the excise tax on a limited basis during World War I. Although repealed briefly after the war, it was reinstated during the depression and has continued since then on a more extensive basis. During the 1940s and 1950s the rate was as high as 15 percent on local telephone service and 25 percent on long distance service.

License Decision Tabled

Selectmen took under advisement Thursday testimony in an alleged case of serving liquor to minors at the Andover Jade restaurant.

Sitting as a licensing board, the selectmen heard testimony about the incident which was said to have occurred on the evening of Nov. 29, and will determine in January if any disciplinary action will be taken against the restaurant.

According to the testimony of Ptl. James Reilly, four males and one female juvenile were served four beers and a mixed drink called a fog cutter by waitress Carolyn Robinson.

Administrative assistant to the police chief, James Johnson said that regardless of the outcome of the selectmen's licensing hearing, he would have Robinson prosecuted for serving alcohol to minors.

Johnson, who was at the restaurant on the night of the incident, saw the juveniles enter the restaurant, and said they were obviously under 20, the legal drinking age. "My 12-year-old daughter looks older than them," Johnson said.

Selectmen can suspend or revoke the restaurant's all-alcoholic beverage license for the alleged offense.

Reilly said the waitress Robinson told him that she asked the juveniles for proof of age and was shown one driver's license and "a piece of paper" stating that one of the males was 20. No such identification was found on any of the juveniles, Reilly said.

Robinson said she ordered the drinks, Reilly said, and served them to the table,

but did not place them in front of any particular juvenile.

Jade manager Tom Seto said his waitress was tricked by the juveniles who, Seto said, entered the restaurant with "the wrong intention." He added that his waitresses were not qualified to verify the authenticity of an identification. "They don't train to do police work," Seto said.

The juveniles, two, 15, and three, 16, were from Lexington, North Andover and Winchester, Reilly said.

They allegedly left the restaurant without paying a bill for \$42.80 after assaulting the night manager who tried to stop them and make them pay.

They were picked up by police later in an automobile owned by one of the youth's mother.

The youths were charged with unauthorized use of a motor vehicle, assault and battery and defrauding an innkeeper.

Back Pain Program At YMCA

If you suffer from back pain the odds are eight out of ten that the "Y's Way to a Healthy Back" program can make you feel a lot better or may even eliminate the problem.

The National YMCA in cooperation with medical specialists, has developed a simple exercise program for sufferers of back discomfort. The course helps relieve back pain and nervous tension, increases flexibility and improves muscle strength. The program is also geared for people who are regular exercisers and yet suffer back discomfort.

Classes meet on Mondays and Wednesdays for six weeks beginning Jan. 7. Registrations are now being taken for members and non-members at the Andover-North Andover YMCA, 165 Haverhill Street, Andover. Contact the "Y" for further information.

Looking Back

Building Program Planning A Plus This Past Year

By Tim Greene

The reduction of the school building program from \$14 million to \$10.3 million or less was viewed this week by Town Manager Jared S. A. Clark as one of the town's major accomplishments in 1979.

"We've been able to avoid significant costs in the future of operating facilities we really don't need," Clark said of the new proposed school building program geared toward housing 4700 students, 1000 less than were being planned for this spring.

The new program, Clark said, can deal with the problems of declining enrollment and double sessions at the same time. East Junior High, which will be closed eventually as a school, can remain open during the school construction program. A new junior high or middle school to replace it will be made from one of the elementary schools. And since one elementary school will be closed anyway before September 1980 due to declining enrollment, the school pegged for renovation can be the one closed to students, Clark said.

While the school building program developed since spring town meeting has apparently solved many of the problems which the old one did not address, one of its failures was that it "took so long to come to the current position," according to Clark.

Installation of the new town computer,

designed to speed up and make more accurate several town accounting functions, was also cited as an accomplishment by Clark. The system will be able to improve the town's financial management by making more specific information more readily available than it is now.

The computer will also make monthly departmental reports ready for the manager's review earlier.

However, the implementation of the computer was not entirely successful, Clark said, because it is not yet fully operational. The major stumbling block was deciding what specific information was needed from the system and then programming the computer to give it. The process has taken longer than anticipated, Clark said.

The budgetary challenge of meeting the 1979 four percent tax cap on municipal spending was another accomplishment Clark noted. The town budget would have met the cap, Clark said, but for the \$200,000 appropriated for the state-mandated revaluation of all property at 100 percent.

Clark pointed out that Andover's increase in state aid was under the tax cap at 3.3 percent, and commented that it compared poorly to other communities in the amount of state aid received. Local taxes would not have been as high, Clark said, had there been more equity in the distribution of the state aid.

Clark commended Rep. Gerald Cohen for working for the tax cap amendment which allowed town meetings to override the cap with a two-thirds vote.

Continued industrial development throughout the year was noted by the manager, who credited the industrial development commission and the department of community development and planning with attracting industries to Andover and helping them settle once they got here.

The community development and planning department finished its first building season under the directorship of Rhys Kear. Clark said he has received favorable comment from builders as well as industrial executives about the swiftness with which they can now move through the town agencies which regulate construction: the planning board, health inspectors and building inspectors.

The department was designed in part to reduce confusion about applying for and getting permits needed for construction. Clark said at groundbreaking ceremonies for the Intertel Corp., a company official told him that if it were not for the professionalism of the building and health departments, they would not then have been at the groundbreaking state of their development here.

This year also marked the first for Joan Pearson as the director of the community

services department. Clark noted the settling of the Haven in the Theater Building on Essex Street and integrating the Friendly Visitor program into the department's programs as accomplishments of the year. The final disposition of Cardinal Cushing Gymnasium and a new Recreation Park lodge were yet to be settled, Clark said.

This year the department of public works had more to do than they could handle, the manager said. Water projects in Shawsheen and on Woburn and Osgood Streets, plus supervision of the River Road widening, and work towards a new Riverina Road sanitary sewer pumping station left the department unable to tackle some other projects. They included comprehensive repair and expansion of the town's storm drainage system, playing field expansions and reorganization of the department's equipment yard.

As yet, funding for the playground planned for the old sanitary landfill is unavailable, Clark said.

Through the work of two volunteer boards, commuter train service was secured for Andover, with five trains daily going to and from Boston, and a private

Doherty To Seek Return

Moderator James D. Doherty became the second official candidate for office in the annual town election, March 25, by taking out nomination papers at the town clerk's office Wednesday morning.

Doherty will be seeking his third term.

Gerald Silverman of Dufton road previously announced his candidacy for the three year term on the board of selectmen.

There will be two openings on the school committee and board of selectmen this year.

School Committeemen Alan W. Doerr and Donald Robb, will be completing their terms in March and as yet have not made any official decision as to their re-election plans. Doerr is completing his first three year term while Robb is filling the term of Casimir Kolaski who resigned to accept employment in Connecticut. Robb was named at a joint meeting of the selectmen and school committee in the Spring.

As for selectmen, Chairman Edward M. Harris and Atty. Lawrence Sullivan will be completing their terms in March and have not as yet announced their future plans.

The only other office on the ballot this year will be that of a five year term on the Andover Housing Authority currently held by Atty. Richard Savrann.

As A New Year Dawns

Suddenly another year has slipped away, and we approach the ritualistic greeting of another year and the dawn of a new decade.

No doubt there will be the usual greeting of the new year with frivolity next Monday night, and maybe some reflection along the way on the passing of the 70's.

As the new decade dawns, there is the continued concern over the hostages held in Iran and the hope that they soon will be able to rejoin their families.

Other problems include attention to conservation of energy, improvement in the state of our national economy.

A new year always provides promise and hope for the future.

Locally, the town can look forward to solving its school building needs in 1980. The building program, under study and planning for over a year and a half, seems now headed in a proper direction, or at least one which will provide some direction for townspeople to decide upon at the annual town meeting in the spring.

The administration will again be wrestling with tax cap legislation in the hopes of providing tax relief for local property owners. Some relief will be provided by the major industrial expansion in the community during the past few years and will be reaching the tax roles next year.

If tax cap provisions imposed by the legislature can be considered by that same state body in its actions, then, indeed, some local relief can be expected.

The national scene will be filled with the usual promises as candidates seek favorable consideration in the Presidential election next Fall.

It is with such thoughts that we pause at this time of year and think optimistically about the future, in extending to all our best wishes for a happy and healthy new year.

Justice Questioned

To the Editor of the TOWNSMAN:

It should be noted that those charged with stealing silver, etc. from the home at 235 Salem St., were immediately released by the Clerk of the Lawrence Court for bails of \$200, \$200 and \$300 respectively. Either the laws are inept or the Clerk of the Lawrence Court is irresponsible — or both!

They were caught in the act — but because of our great liberal legal system were immediately released.

Have the police, or other agencies procured the necessary warrants to search the homes of these people for clues — or is this unconstitutional?

Is this our system — where we demand a police officer to risk his life in apprehending a criminal only to be released by an unsympathetic, super-liberal court to repeat his crime?

I have fallen victim to a similar housebreak, Wednesday, Nov. 7 of this

year. I was seriously hurt financially!

The laws are written to protect the criminal — not the poor slob who is trying to "make it" in life.

I understand two of the criminals have since forfeited bail by not showing up for a hearing.

As long as they know the laws, can procure legal counsel with their taxfree profits, and as long as the courts are so liberal, we as a taxpaying public cannot be protected! A change is in order! But, how does one change laws that are influenced and written by politically motivated pseudo state representatives who are bought and owned by big business and organized crime?

Our system, if one really delves into it, is far from perfect. The person who drives through a stop sign is punished severely, but a person who steals another man's lifelong savings is set free.

WEEKLY SPECIAL

While We Worry About Hostages Castro Fans Out in Caribbean

By JACK ANDERSON
and JOE SPEAR

WASHINGTON -- Foxy Fidel Castro is quietly sneaking into the hen house in the Caribbean while the United States is trying to deal with the life-and-death hostage crisis in Iran. The Cuban communist leader and his agents are fanning a slow-burning hotfoot for Uncle Sam in the islands of Jamaica, Guyana and Grenada.

While Washington has had to focus its full attention on the Middle East, Castro has been making mischief in the newly independent island republics on our own Southern doorstep. With the advent of the Iranian challenge to the United States, Castro has stepped up his economic, cultural and propaganda efforts on behalf of anti-American elements in the islands.

We've seen a secret CIA warning that Castro has embarked on a "multi-faceted, carefully coordinated (campaign) to promote Cuban policies and undercut U.S. influence" in the Caribbean. Intelligence analysts see this as evidence that the communist apparatus is endeavoring on an international scale to use the Tehran Embassy seizure to foment anti-Americanism.

Intelligence reports view Jamaica's Prime Minister Michael Manley as a sympathetic friend of the Soviets and Cubans. A secret CIA memo says Manley has "a fairly well-established record of increasingly intimate contact with Soviet KGB personnel" ensconced on his island.

Our sources report that leftists in concert with Castro are agitating on the banana republic's high unemployment and labor unrest to create discontent with the government of Prime Minister Forbes Burnham of Guyana. As a result, Burnham is steering his policy on a leftward course.

The new government in Grenada has closed down the island's only opposition newspaper and is increasing its contacts with Cuba.

Top intelligence analysts note that Castro is playing on anti-Gringo feelings among the island malcontents rather than having to foment armed guerrilla movements among the populace.

SOUTH OF THE BORDER: The Castro communist cause is also being served by a nasty border dispute in Central America between Nicaragua and Honduras. Tensions have been escalating between the two neighboring countries since Nicaraguan dictator Anastasio Somoza was kicked out by insurgents last year.

The Sandinista regime which took over from Somoza has accused the Hondurans of giving sanctuary to militia loyal to the ousted dictator. We've seen reports in Washington of charges and counter-charges between the two governments.

Early this month, the Nicaraguan border patrols were charged with opening fire on a Honduran unit. Four days later, the Sandinistas claimed the Hondurans attacked their border

posts. Both nations broke off diplomatic ties and went racing to the Organization of American States.

Harried State Department officials are trying to keep the lid on the little-noticed eruption South of the Border.

MEXICAN OIL: The Carter administration cast wistful eyes on Mexican oil and gas as a way to ease the OPEC petroleum price squeeze. It now becomes more and more apparent that we may have botched our dealings with our next-door neighbor.

A year ago, the Mexicans were willing to boost their oil exports to us by up to 4 million barrels a day by 1985. Carter threw a wrench into the deal by favoring the import of surplus gas from Canada rather than Mexico.

Belatedly, the president managed to reinstitute gas negotiations with the Mexican government but then came the shah.

When Mexico closed its border to the return of the shah from his hospital stay in New York, Carter and his inner circle privately accused the Mexicans of renegeing.

But our Mexican sources insist that they never offered the exiled shah permanent residence in their country. When he landed on their shores, he never requested political asylum. The Mexican authorities notified him that he would have to find refuge elsewhere after his six-month visitor's visa expired.

Yet U.S. officials blithely proceeded on the assumption that the shah would be

allowed back in Mexico once his convalescence stay in the United States ended. They never discussed the problem with their Mexican counterparts and grumbled diplomatically when the door was closed to the former Iranian ruler.

Small wonder that they are now resentful of the Big Brother attitude of the Carter administration and reluctant to provide us oil.

WATCH ON WASTE: The American taxpayers have been literally hijacked for \$110,000 or more for an unused border inspection facility at the remote outpost of Jackman, Maine. The General Services Administration paid out that much to erect a small building near the Canadian border to contain a hydraulic lift intended to allow inspectors to check underneath cars they suspected of smuggling narcotics or other contraband.

Two years after its installation, the facility has never been used. A disgusted customs official said they don't need the device. In the past, if inspectors wanted to check out a suspicious auto, they merely had the driver take it to a nearby filling station where it was jacked up on a hoist.

A similar special service hoist was installed five years ago in the Buffalo border-crossing area. It has been used perhaps once or twice.

The high-riding government spenders are planning to squander more of the taxpayers' contributions to pay for still more of the

Awarded Letter At Holy Cross

Glenn Verrette

Glenn Verrette, a senior defensive back from Andover, was recently awarded his fourth varsity football letter from Holy Cross College.

A graduate of Andover High School where he played for coach Richard Collins, Verrette was one of the top performers in 1979 for the Crusaders, who finished with a 5-6 record.

The starting safety, Verrette was one of the top punt returners in the East and in the country this fall, averaging 11.1 yards-per-return. That average was good enough for a 13th spot in the NCAA Division I-A statistics and it was the best in the ECAC. In addition, Glenn had three pass interceptions this fall and he was involved in 71 tackles despite missing one game.

A co-captain for the Crusaders this fall, Glenn is the son of Mr. and Mrs. Ernest Verrette of 4 Gardner Avenue in Andover.

200th Win

Will Hixon, head basketball coach at Andover High was the recipient of a cake after his team downed Wilmington this past week recording the 200th victory of Hixon's career. His Golden Warriors are favorites in the annual Christmas Holiday basketball tourney which opens this afternoon at the Volpe Athletic Complex at Merrimack College. The tourney which continues through Saturday night's championship round features Andover, Central Catholic, Lawrence High, North Andover, Methuen, Haverhill, Greater Lawrence Regional and Whittier Regional schools.

West Parish, Christ Hold To Top

By Rick Harrison

West Parish B and Christ Church B are alone at the top of the Andover Church Basketball League Intermediate "Blue" Division standings, as both registered their third straight victories last week to head into the holiday break undefeated.

West B fought off a gallant fourth quarter comeback bid by Christ A to eke out a 28-25 victory, while Christ B edged South 25-21 in an early-season showdown of previously-unbeaten teams.

In other third round "Blue" action, Ballardvale B trimmed West parish C, 26-17, St. Augustine E dumped St. Robert's D, 24-15, St. Robert's E upset previously-undefeated Baptist, 11-10, and St. Augustine F slipped past Ballardvale A 18-16 in overtime.

Division play will resume Monday, January 7 with two games apiece at the West Junior High, Sanborn and South School gyms.

West B, 28-25

West Parish B (3-0) broke open a tight game midway through the second quarter, and carried what appeared to be a comfortable 24-13 lead into the final period.

But some hustling, aggressive defensive play by Christ A made it close, as Chris Scott and John Beardsley sparked a ball-hawking press that produced several steals and easy buckets.

Divisional scoring leader Tim Boudreau (47 points) hit double figures for the third straight game, pacing the West B attack with 14 points.

Robbie Barnard chipped in 10 points, the majority of them in the first half when West B built its lead, while single baskets were netted by Tim Kimball and Austin Henderson. Kimball's was the eventual winner.

Heather Paro did a fine job under the boards for the victors, while Robbie Thompson and Nick Bates also delivered strong efforts.

Chris Scott paced the balanced Christ B offense with 8 points, Beau Jones added 6, John Beardsley 4, Andy Grant 3, Bob Beanland 2 and Andy Frost 2 points.

Christ B, 25-21

South enjoyed slim leads of 8-4, 14-10 and 18-16 at the first three checkpoints, but a diversified fourth period attack enabled

Christ B to outscore South 9-3 enroute to the comeback triumph.

Scott Wilkins hit three long bombs in the opening quarter to put South in the early lead, and Jeff Penner led a tenacious defense.

Christ B switched from a zone to a man-to-man in the second half, and that piece of strategy contributed to the comeback.

It was a spirited contest throughout, with both teams putting fourth a maximum effort from opening tap to final buzzer.

Glen Livermore led seven C-C players into the scoring column with 7 points, while Allan Gable added 6 and Eric Anderson 4.

Tossing in single baskets were Steve Blair, Bill Earnshaw, Roger Fisk and Nancy Rogers.

Scott Wilkins emerged as game-high scorer with 8 points for South. Scott Lattanzio and Phil Stocking added 4 apiece, Jeff Penner 3 and John Todt a second quarter fieldgoal.

Also playing well for South were Scott Brink, Rob Carpenter and Stephanie Kirkland.

Ballardvale B, 26-17

Ballardvale United B bolted to a 12-4 halftime lead, increased it to 22-8 after three periods, and then coasted home against West Parish C.

Tom Darling was the big gun for BU, pumping through 12 points, while Dave Baker chipped in 8 markers.

Scott Sarcione pocketed a first period basket, while fourth quarter fieldgoals were contributed by Fran Robinson and Ellen Murphy.

Steve Sarcione, Glen McLeod and Bobby Nutter also played well for Ballardvale.

West C made a late charge at United, and leading the way with 6 fourth quarter points was Mark Niedringhaus.

Leo Gravell shared team-high honors with 6 points, Mike DiMeo scored 5, and defensive stalwarts were Kurt Nickerson, Kyle Marcella and Jeff Brown.

St. Augustine E, 24-15

St. Augustine E raced to an 8-0 first period lead, fought off a third quarter comeback bid by St. Robert's D, and used a 6-2 fourth stanza as the springboard to its triumph.

St. Robert's cut the deficit to 18-13 with a third period 9-4 run, but Joe Hurley swished two key buckets and Sean Derrah added one for St. Augustine in the final quarter.

Mike Moriarty, Dan Hegarty, Derrah and Hurley led eight St. Augustine E marksmen with 4 points each.

Popping in single baskets were Scott Kirwin, John Moosa, Chris Colsia and Ryan Murphy.

Bill Scanlon, Justin Fox and Greg Kinsky also played well.

Steve Rikeman was game-high for St. Robert's D with 7 points, all in the third period when that team battled back.

Steve Rockwell flipped in a pair of second period buckets, while Greg Tormey and Mike Moynihan scored second half fieldgoals.

St. Robert's E, 11-10

Gerry Nassif swished a free throw with two minutes left in the game, snapping a 10-10 tie and carrying St. Robert's E to its minor upset over Baptist.

Baptist enjoyed an 8-4 advantage in the third period, but baskets by Chris Sapuppo and Chris Concemi deadlocked the score.

Sapuppo then put St. Robert's ahead with a fourth quarter lay-up, but Dave Hughes intercepted an in-bounds pass under the basket and dropped it through for a 10-10 tie.

Sapuppo and Concemi flipped through 4 points each and Nassif netted 3 for the winners.

Mike French and Steve Veilleux contributed fine defensive performances.

Tim MacDonald of Baptist was the game-high scorer with 6 points, while Dave Hughes was held below his average (9.3) with 4 markers.

Craig Sorrie, Wendy Williams and Steve Letch were other standouts for Baptist.

St. Augustine F, 18-16 (ot)

Jeff Smith tossed in a 15-foot basket

during overtime to lift St. Augustine F to its taut triumph over Ballardvale United A.

Smith was "Mr. Clutch" all evening, as his basket with 40 seconds remaining in regulation time tied it 16-16 and forced OT.

Jeff finished the game with 8 points, Mark Geiger chipped in 6 points and a strong defensive game, Ray Rourke had 2 points and Paul Davies 2.

Mike Lane and Jeff Holmes were other standouts for the victors.

Andy Conner led the way for BU with 7 points, Greg Baker scored 3, John McIntyre 2, Jeff Znamierowski 2 and Mike Mooney 2.

Schedule

On January 7 at West Junior High it will be St. Robert's E vs. St. Augustine F (6:30 p.m.), and West Parish B vs. St. Robert's D (7:30).

The doubleheader at South School features Christ A vs. Baptist (7:30 p.m.) and Ballardvale B vs. South (8:30).

The Sanborn School twinbill has St. Augustine E vs. Christ B (6:30 p.m.), and Ballardvale A vs. West Parish C (7:30).

Lane Powers West Parish A

By Rick Harrison

Billy Lane poured through 14 points to power West Parish A past St. Augustine A, 45-16, and Dave DuHadway's 10 led defending champ St. Robert's B to a 28-20 triumph over tough St. Robert's A, as those two winners remained undefeated atop the Andover Church Basketball League Intermediate "Gold" Division standings heading into the holiday break.

In other Gold action, St. Robert's C remained one game back following a 19-16 conquest of St. Augustine C, and St. Augustine D belted St. Augustine B, 32-12. Divisional play will resume Monday, Jan. 7 with four games at West Junior High.

St. Robert's B, 28-20

The inside shooting of Dave DuHadway, coupled with the ball-hawking expertise of guards Bobby Dziadosz and Joe Vecchi, led St. Robert's B to its hard-fought 28-20 conquest of St. Robert's A.

The A-team, whose other loss was a 25-20 tug-of-war against West A opening night, grabbed a brief 4-2 first quarter lead.

But the defending champs used 9-3 and 10-6 scoring spreads over the middle two periods to grab a 21-13 edge.

Mike Melia and Brian Molloy scored the first five points of the fourth period, as the A-crew pulled to within 21-18, but St. Robert's B hit three foul shots and two buckets down the stretch to pull out the victory.

DuHadway led all scorers with 10 points, Dziadosz chipped in 8, Billy Deppe 5 and Vecchi 5 for the winners.

Chris Chinchillo and Jeff Smith also played well.

Chris Smith and Molloy powered the balanced A attack with 5 points each, Melia chipped in 4, and single baskets were netted by Kevin Byrne, Chris Arserio and John Williams.

Sara Michelle Sapuppo and Arserio both handed out several pretty assists for the A quintet.

West A, 45-16

It didn't take long to settle the issue in this game as West A, despite the fact it was missing three players, bolted to 13-2, 21-4 and 35-14 leads at the first three

quarter breaks.

Billy Lane, who scored in every period, emerged as game-high marksman with 14 points and he also played a strong defensive game.

Andy Thompson netted 9 points, Lisa Marcella and Eric Nickerson pocketed 8 apiece, and Greg Hopwood tossed in 6 markers.

Tom Lutz led the answering fire for St. Augustine A with 12 points, 10 of them in the third period, while solo fieldgoals were netted by Scott Grant and Tom Hollenbeck.

Bob Mattedi, and John Morrow, Walt Radulski, Paul Zahornasky, John Lyons and Tom O'Day also played well.

St. Robert's C, 19-16

Dave Cox, Jay DuHadway and Tom Dolan swished four points apiece in the first half, as St. Robert's C grabbed a 14-6 lead and fought off a determined second half comeback bid by St. Augustine C.

DuHadway finished the game with 6 points, including a big insurance bucket during the fourth period, while Cox and Dolan fired in 4 points each.

Scott White scored 3 second half points for the winners, while Dave McDonough produced a second period basket.

Bobby Pothier and Geoff Dowell added fine floor games for St. Robert's C.

Divisional scoring leader Joe Hart (40 points) was practically the entire show for St. Augustine C, netting 14 points, while Chris Morrison canned a fourth period fieldgoal.

Other St. Augustine stalwarts were Keith Driscoll, Tim Scanlon, Ron Peck and Tom Cocchiaro.

St. Augustine D, 32-12

Chris Bartley, Kevin Rourke and Chris Rourke combined talents for 28 points, sparking St. Augustine D to its romp over St. Augustine B.

The B-team, which sorely missed high-scoring Tim Reilly, fell behind 6-2 after one period, 16-2 at halftime, and 28-8 following three quarters of play.

Bartley and Kevin Rourke tossed in 10 points apiece, Chris Rourke 8, Scott McAllister 2 and Art McCue 2.

Steve McGettrick also played well for the victors.

Rich Sullivan and Bill Melahn tried to shoulder the scoring burden in Reilly's (14.5 average) absence, notching 4 points apiece.

Dan Beckerman and Peter Zompa added second half buckets for the B-team, while

Alan Sillars was a defensive standout.

Schedule

The January 7 "Gold" schedule at West Junior High finds St. Augustine C vs. West

Parish A at 6:30 p.m., St. Robert's A vs. St. Augustine A at 7:30, St. Robert's B vs. St. Augustine D at 8:30, and St. Augustine B vs. St. Robert's C at 8:30 o'clock (Court 1).

Farnham Stars On Frosh

Paul Farnham, son of Mr. and Mrs. Robert Farnham of Chestnut Street, Andover, was cited for his performance on the 1979 Brown University freshmen football team by frosh coach Ed Walsh. (Freshmen are not allowed varsity football eligibility in the Ivy League.)

The 5'8", 160 lb. Farnham, a former Andover High 3-sport standout started at split end for the Bruin Clubs. He led the team in pass receptions with 15 for 249 yards, a 16.6 yard per catch average.

Season's highlights included wins over junior varsity teams from University of Massachusetts and Boston University for the spirited squad of 48 who had to learn the Brown system, and help ready the varsity for each week's opponents.

Head football coach John Anderson comments: "It's nice to see another sure-handed and speedy Farnham come along. Paul is an aggressive competitor and we expect a lot from him."

Villanova Remains Undefeated

By Rick Harrison

Villanova rocked Boston College, 41-14, Dartmouth trimmed Harvard, 37-25, and Holy Cross nudged North Carolina State, 40-35, in Andover Youth Basketball League Intermediate Division play last week.

The results left Villanova undefeated, with Dartmouth and Holy Cross lurking one game behind the Wildcats.

The division now takes a holiday break, returning to action Wednesday, January 9 with two games at West Junior High and one at South School.

Holy Cross, 40-35

Chris Comparato poured in 22 points to pace the Crusaders to their second consecutive victory.

Holy Cross inched ahead 9-7 after one period, made it 21-11 at halftime, withstood a third period rally by N.C. State that cut the gap to 29-25, and traded buckets in the last quarter.

Comparato did a strong job off both boards in addition to scoring his 22 points.

West B, 54-20

Three players hit double figures as West Parish B won impressively over a depleted Ballard Vale United team.

After regulation play the game was deadlocked at

34-34. Buckets by Steve Farrington and Mark Boyle enabled St. Augustine to grab a 38-34 lead in overtime but Bill Weidman of West Parishdropped in two buckets, including a clutch jumper from the corner with 2 seconds remaining, to tie the score at 38-38 and force the game into a sudden death period. Stelzer's shot then followed to close out this hard fought contest.

Eight different players contributed points for the St. Augustine team.

Stelzer paced the attack with 10 points, Mark Boyle and Tom Murphy netted 8 points apiece, Steve Farrington and John Shedy each contributed 4 markers, and solo buckets were scored by Bob Scanlon, Peter Scanlon and Steve Lacourse.

Ups And Downs Of Train

By Randolph W. Lehman-Becker
Andover Representative
Merrimack Valley Regional
Transit Authority

The bitterly cold morning of Dec. 17 ushered the return of trains to Andover. Throughout the first week of service, various "bugs" in the system had to be ironed out; some of them concern issues of public awareness, and we want to share the information with you.

The main problem came at Andover Center, where several people went to the old station "Al's Auto Parts," to wait for the train. A new platform has been constructed north of the Essex Street crossing, approximately opposite the Sunny corner Farm. All trains leave from and arrive at that platform only; additionally, several of the trains make stops at Shawsheen and Ballardvale.

With the completion of demolition of the former concrete mixer at the center, parking will be available on that site as well as immediately adjacent to the platform ramp and additionally in the commuter space between Railroad Avenue and the tracks, north of the auto-repair location.

Monthly ride tickets are now on sale at

recycling corporation was established to collect recyclables.

The commuter rail service, deemed feasible by a study committee and funded by town meeting, was arranged through the Merrimack Valley Regional Transit Authority. Also arranged through the MVRTA was door-to-door bus service for senior citizens and the handicapped.

The year brought the assignment of a successor to police Chief David Nicoll. By the early selection of James Johnson to take over for Nicoll, a smooth transition was insured, Clark said. "1979 marked the end of 25 years of effective service of Chief Nicoll, and moves us into a new era of police service where the computer is as much of a crime prevention tool as the service revolver," the manager said.

Signing of contract agreements with the fire department was achieved through the cooperation of all parties and with a minimum of difficulties, Clark said. Credit for the "amicable" negotiations was given to the union leadership and Chief William Downes by Clark.

Clark said a "healthy respect" between Downes and the force resulted in a contract for hours, wages and fringe benefits, without encumbering the agreement with "work rules to limit the chief's effectiveness."

Boston; in addition, monthly ride passes for intermediate stops are also available, via mail from North Station. The 12 ride tickets are also available at Boston, and the 12 tickets can be used by anyone once purchased, providing group travel savings.

One concern has been lighting at the stations; Massachusetts Electric has been contacted to provide the lighting under lease, and the MBTA deposit check has been in their hands for several weeks. We now await the completion of their work.

A concern of several Boston commuters has been the schedule provided initially by the MBTA/B&M. It is possible that our ridership needs will require a change of schedule (e.g., an approximately 8 a.m. departure an 8:05 a.m. arrival in Boston, etc.); if any of the commuting public have comments on either service or schedules, please forward them to be at 66 Burnham Road, Andover 01810.

Kennedy Library Visited

On Thursday, Dec. 6, 40 East Junior High seventh graders, under the direction of teacher Gary Hendrickson, visited the John J. Kennedy Library at Columbia Point. The students who attended the library were the contestants in the recently held "College Bowl" activity at East. The trip afforded the students not only an opportunity to tour the entire museum, but also to view an excellent documentary on the life of J.F.K. as well as to actively participate in an informal and enlightening discussion about both the film and the

library itself.

Last Thursday, the finals of the "College Bowl" were held, pitting the two winning teams from both 7A; Maureen O'Brien, Tom Darling, Frank Cote, Sarah Poor, Julie Williams, Kim Hekemian, Jenni Lewis, Ann Wahr, Cathy Smith, Jim Park, Hilary Feier, Julie Barbagallo, Kenny David, Jim Burgess, Krisna Basu, Kim Murphy and Susanna Lenoe.

From 7B, the students were: Craig Ziady, John Winters, David Casanave, Mike Morris, Jeff Kip, Eric Penney, Linda Marcus, Kim Olsen, Chris Liou, Steve Letch, Karen Reddington, Peter MacDonald, Tom Novelline, Jenny Riehl,

Baby Dolphin To Go "Public"

The baby dolphin born at the New England Aquarium on Nov. 20 was moved from its "nursery" Tuesday and will be on exhibit to the public in the main performing pool through Christmas vacation.

The little dolphin who has been maintained behind the scenes for observation and special care, was moved into the main pool along with its mother, "Spit" and two "aunties" who help care for the infant. The larger pool provides a better swimming area for the new family and has the added advantage of allowing Aquarium visitors to see the baby dolphin.

Because the dolphin is the first born in captivity in New England, boys and girls through age 15 are asked to submit names for the young animal with the winner receiving a Spring whale watching trip

during certain periods when a concentration of police are needed in one area, Clark said. More police on the street would help alleviate this problem, though periodic incidences of this kind would still occur. Clark said that these periods occur now "frequently and regularly," and more police would help ease the problem.

Additions to the firefighting force would help raise the minimum number of firefighters on duty up from the current number of ten.

Also needed is an assistant town accountant, Clark said. There has been no month-end trail balancing of the town's accounts for seven to ten years, Clark said, because the accounting department did not have the staff to prepare them. Only year-end balances were available. The assistant accountant would help with the workload and learn the operation of the town's computer system.

Now if the town's computer operator is ill, the town is at a "real disadvantage," Clark said. The assistant accountant would help in this area, as well as learn the responsibilities of Town Accountant Wendell Matheson who retires in three years.

A review of the management of the department of public works to move it towards a new style of management is another goal of the town manager for 1980. Management by objectives is the system Clark would like to see implemented.

The new technique is a five part "thought process," Clark said. First, the desired results or objectives are specified. Then methods to achieve those objectives are devised and implemented.

Once implemented, the achieved objectives are compared to the goals stated at the outset. The final step is to amend the objectives.

Clark said this style of management is a better way of identifying what services will and will not be provided.

"It sounds simple enough," Clark said, "but sitting down and going through the process is time consuming." The process would also establish a chain of command and set lines of accountability among the town staff.

Clark also called for work to begin on the town storm drainage system improvements in the new year, a project which was funded at town meeting.

Conservation of fuel for heating town buildings will continue with checks of the structures for proper insulation. And the general maintenance of town buildings will continue to be discussed among selectmen, school committeemen and

finance committeemen, Clark said. The goal is to streamline the town and school maintenance systems either through a new department or shared staff between the town and schools.

Changes are expected in the dispatching of the police and fire department personnel, with centralized dispatching as the goal.

General goals the manager set were to encourage improved government in Massachusetts through tax and expenditure reform and improved state civil service systems.

Property tax reduction by cutting unnecessary services — such as leaf collection — was also set as a goal.

Reduced residential property tax will also be sought by continuing to encourage industrial development in Andover to help broaden the tax base of the town.

First Night 1980, Greater Boston's New Year's Eve arts celebration, is returning for its fourth year to welcome the start of a new decade with an expanded program of events.

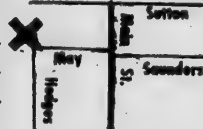

First Night will feature more than 100 performances — dance, mime, music, theater, jazz, film, video, poetry and environmental art. Performances will take place in churches, colleges, theaters and other public buildings in downtown Boston and the Back Bay from 7 to 11:30 p.m. A fireworks display at City Hall Plaza will end the evening's events at midnight.

Admission to most events is covered by the purchase of a \$1.00 First Night Button at participating Brigham's stores through December 28 and at performance sites on New Year's Eve. Those buying buttons before Dec. 29 will automatically register to win the First Night raffle on New Year's Eve. Grand prize is a trip to Montreal for two courtesy of Crimmon Travel. In addition, seven hotels have contributed hotel packages as prizes.

Bardetti Volkswagen Showing 1980 "Stars"

Volkswagen does it again! While other car companies are planning for the future, Volkswagen is already building cars that are years ahead of their time. See the newest of the new, the latest additions to the VW line — the Rabbit Convertible, the VW Pickup and the Vanagon — at Bardetti Volkswagen, 915 So. Main Street (Rt. 125) Ward Hill.

A perky Rabbit Convertible joins the Volkswagen line-up for 1980, replacing the Beetle Convertible. It is roomier, peppier and more economical, but it retains the handcrafted touches that limited production permits. Like all Rabbits, the Convertible has front wheel drive. It is equipped with a 1.6 liter fuel in-

jection engine, delivers 40 mpg. on the highway and 25 city. A 5-speed manual transmission, with a fifth gear overdrive, is standard. Tires are steel belted radials w/white sidewalls; an AM/FM stereo cassette radio is standard, as are vent windows. Advanced engineering features complete the package!

VW's new Vanagon is what a Van and a Wagon should be. It's a brand new vehicle that is more aerodynamic, has a wider track and much more glass area than its predecessor. The Vanagon is the family wagon for the 80's, functional, economical, comfortable and tough. The Vanagon is new from the ground up, but retains such practical features as

the industry's first sliding side door and a durable, proven 2-liter air cooled rear engine with fuel injection.

Also new for the 80's is Volkswagen's Pickup Truck with front wheel drive, available with either gasoline or diesel power, manual or automatic transmission. The cab has two bucket seats and the bed is six feet long. EPA ratings are 23 mpg. city and 35 highway.

Also starring for 1980 is the sleek, but stingy, Dasher, the most economical luxury car available in the U. S. today AND Scirocco, a sports car in a comfortable, functional GT package. See them all today at Bardetti Volkswagen in Ward Hill. Tel. 687-0696 or 374-0711.

GOING THE LIMIT

It's not unusual to find that the amount of money needed to finance the purchase of a home and the amount of cash in the bank account are too close for comfort. When does it make sense to pull back your horns and when would propriety say — "Go the limit."?

It's better not to spend every last cent available for a home if you customarily buy big ticket items, such as cars and appliances on time; if the local property taxes are likely to go higher; or if you have any unusual financial obligations, such as medical care for a member of the family. On the other hand,

you might justify going the limit if you can make a big down payment; if the home is unlikely to need maintenance or repairs which are above and beyond your personal capability; if your outlook for financial advancement is bright, and if your family has proven that it can tighten belts if you really have to.

If there is anything we can do to help you in the field of real estate, please phone or drop in at **THE HOWE AGENCY, 4 PUNCHARD AVE., ANDOVER. Phone: 475-5100. We're here to help.**

Here's hoping you and yours enjoy a year filled to the brim with health, and happiness too!

Employment In Andover To Be Boosted By 150

At least 150 new jobs will develop when Intertel, Inc. moves to new quarters at the Andover Technological Center Industrial Park in July. The high technology company, now in Burlington, will launch a local and regional drive for technical and

Drive Nets \$5 Million

Registrar Richard E. McLaughlin announces the Registry's ten month crackdown on phony out-of-state vehicle registrations has brought in some 35,000 conversions to Massachusetts registrations, with an excise tax value to the 351 cities and towns of more than \$5 million.

Conversions of New Hampshire plates, alone, totalled more than 6,500 vehicles, McLaughlin said.

non-technical workers in March. By year end, this should increase the number of employees to over 400 for this designer and manufacturer of data communication equipment, according to Dr. Jerry L. Holsinger, President.

In October, Intertel broke ground for an 83,000 square foot facility on a 26-acre park site fronting Chandler Road and Brundrett Avenue. Neighboring facilities house Hewlett-Packard, Polaroid, and GCA. The campus-style office and industrial complex is located at the River Road exit off Route 93, north of Route 495.

The move marks the 10th anniversary for this company whose 1979 annual sales were \$15 million. Its principal products

are network control systems and modems.

In 1973, Intertel developed the network control concept to manage data communications systems. This makes it possible for airlines, banks, stock brokerages and other companies that have large communication networks to automatically monitor their remotely stationed equipment from a central location. Doing so drastically reduces the cost and time it takes to pinpoint and rectify trouble.

Modems make it possible to transmit computer information over telephone lines by changing the computer signal to one compatible with the existing telephone network.

Said Dr. Holsinger, "The move to An-

dover marks the first phase of a three-part expansion program." Following completion of the first building, two adjoining 80,000 square-foot buildings will be constructed to house Intertel's administrative, sales, research, development and manufacturing operations. Aberthaw Construction Company of Boston has designed and will construct the initial building.

In addressing Intertel employees recently, Dr. Holsinger said, "This being the 10th anniversary of Intertel, it is a particularly fitting time for such a move because it serves to emphasize both our past accomplishments and our confidence in the future."

Through the looking glass that one can use to mirror the events of the waning year and measure the degree of satisfaction those events reflect, we:

- Are happy with our 1979 and sincerely feel that all of our patrons would give our performance a high mark.

- Know that our clientele has greatly increased and their obvious satisfaction with Towne Deli's way of doing things; of serving quality foods at fair prices is underlined by the many, many new "regulars" we serve week after week.

- Say that it has been a pleasure serving you and appreciate all the nice things you've said to us.

We'll be closed all day next Tuesday, New Year's Day, but will reopen bright and early Wednesday morning ready to tackle 1980 with the same brand of quality foods, service with a sincere smile and the fairest prices around.

Now, laying our mirror aside, we wish you a real Happy New Year!
